| Requirement | Packaging rules | Confirmed by RTOM | | |
| Qualification description and job roles | This qualification reflects the role of individuals with the skills and knowledge to perform in a range of varied activities in the creative industries where there is a clearly defined range of contexts. Activities are of limited complexity with required actions clearly defined. The qualification is relevant to roles such as: digital design, video editing, marketing, content creation, sound editing and social media etc. This qualification would be suitable for someone working in a supervised capacity. | ☑ Yes □ No | | |
| Packaging rules | https://training.gov.au/Training/Details/CUA20215 Total number of units = 10 | ✓ Yes | | |
| | 3 core units plus | | | |
| | 7 elective units of which: | | | |
| | 4 units must be selected from Group A 3 units may be from Group A or Group B or from any currently endorsed training package qualification or accredited course at Certificate II or III level. | | | |
| | Elective units must be relevant to the work environment and the qualification, maintain the integrity of the AQF alignment and contribute to a valid vocational outcome. | | | |

| 1.3 Delivery and assessment | | | |
|---|---|-------------------|--|
| Requirement | Pre-enrolment information | Confirmed by RTOM | |
| General entry requirements (Adjust as appropriate) | General entry requirements for this program include the student's agreement and ability to undertake the following: • demonstrate evidence of language, literacy and numeracy skills at the requisite ACSF level • attend and participate in scheduled training and assessment • be able to work in an industry environment and handle industry standard equipment • comply with the RTO code of conduct requirements, directions on work, and health and safety matters. | ☑ Yes □ No | |
| Specific entry and/or completion requirements (Adjust as appropriate) | Specific entry requirements exist ☐ Yes ☑ No Prior to enrolment the RTO has provided advice in print or electronically to students on participation requirements and application processes. ☑ Yes ☐ No | ☑ Yes □ No | |

| 1.3 Delivery and | assessment | | |
|---|---|--|-------------------|
| Requirement | Pre-enrolment information | | Confirmed by RTOM |
| Access and reasonable adjustments (Adjust as appropriate) | The RTO has advised students in print or electronically that reasonable adjustments may be available. Yes No When appropriate, reasonable adjustments will be applied by the RTO to take into account the individual student's needs. Reasonable adjustments may include: • accessible class rooms • note-taking support • course material in alternative formats — electronic, large print • use of laptop for assessments • an Auslan (Australian Sign Language) interpreter | | ☑ Yes □ No |
| Mode of delivery (Adjust as appropriate) | The mode of delivery includes any combination of the following: • face-to-face in a simulated workplace environment for required performance and knowledge evidence • online for some components of training for knowledge evidence • in a classroom ('off the job') for some components of training for knowledge evidence. | | ☑ Yes □ No |
| Delivery location (Adjust as appropriate) | Multiple delivery locations are used. ☐ Yes ☑ No The delivery location is the principal place of business of the RTO. | Locations of additional campuses where training or assessment services are provided. | ☑ Yes □ No |
| Program duration | Marsden State High School Total program duration for delivery and assessment is: □ 6 months □ 1 year □ 2 years □ 3 years Other: please specify This means that after the expiry of the program duration, no further assessment evidence will be accepted and no further training conducted. | | ☑ Yes □ No |
| Amount of training and volume of learning | The 'amount of training' relates to formal teaching and learning activities. The nominal amount of scheduled training for this program is: □ 55 hours □ 110 hours ☑ 220 hours □ 330 hours The 'volume of learning' identifies the notional duration of all activities required for the achievement of the learning outcomes of this program. The total volume of learning for this program is: ☑ 600–1200 hours (Certificate I and II) □ 1200–2400 hours (Certificate III and IV) | | ☑ Yes □ No |
| Learning resources | There are sufficient learning resources, equipment and facilities to: • enable students to meet the requirements for each unit of competency • support the number of students undertaking the training and assessment. | | ☑ Yes □ No |

| 1.3 Delivery and | l assessment | |
|---|--|-------------------|
| Requirement | Pre-enrolment information | Confirmed by RTOM |
| Assessment resources (Adjust as appropriate) | Assessments will be formative and conducted so that skills, knowledge and understanding may be demonstrated in the simulated workplace environment. Assessment of knowledge and skills will be integrated with assessment of their practical application. Projects/tasks and work evidence will be progressively gathered by the assessor for units of competency until sufficient valid evidence is gathered to make assessment decisions on competency. Evidence of skills and knowledge will be gathered simultaneously. | ✓ Yes ☐ No |
| Students from other schools (Adjust as appropriate) | Students not enrolled with the school but seeking enrolment for this VET program delivered by the RTO may become fee-paying students. Where this is the case, students have been advised in writing or electronically. The fee for this program is: \$000.00 The fee includes: The RTO charges fees for students not enrolled with the school. Yes ☑ No | ☑ Yes □ No |
| Students from the school (Adjust as appropriate) | Students enrolled with the school may have to pay fees for this VET program. Where this is the case, students have been advised in writing or electronically. The fee for this program is: \$000.00 The fee includes: The RTO charges fees for students enrolled with the school. Yes ☑ No | ☑ Yes □ No |
| Early termination or withdrawing from the program Fee refund | In the event that the RTO loses suitably qualified trainers and assessors and is unable to deliver this program or students withdraw from the VET program: students will be issued with a Statement of Attainment for any successfully completed units of competency any fees paid toward the program will be refunded on a pro rata basis or as explained in the RTO refund policy. | ☑ Yes □ No |
| | The RTO has provided students with information in print or electronically concerning arrangements in the event of early termination or withdrawal from the program. ☐ Yes ☑ No | ☐ Yes ☑ No |
| Evidence-gathering conditions (Adjust as appropriate) | Will be progressively gathered for groups of units simultaneously. Methods will confirm consistency of performance over time and in a range of workplace-relevant contexts, rather than a single assessment event. Will be by observation of relevant tasks with questioning on underpinning knowledge and, where applicable, training journals and reviews of work products/folios and third party reports. Will be done under the specific assessment conditions required by the units. | □ Yes ☑ No |

| Work placement requirements (Adjust as appropriate) | Work placement or experience. The RTO may require students to undertake work placement or work experience. When this is the case, a summary of the requirements will be recorded in Section 4 of the TAS. Students have been advised in writing or electronically. Work placement or experience is required for this program. □ Yes ☑ No | | ☑ Yes □ No | |
| Third party arrangements (Adjust as appropriate) | No services are delivered on behalf of the RTO. | ☑ Yes □ No | 'Third party' means any party that provides services on behalf of the RTO, but does not include a contract of employment between an RTO and its employee. Where services are provided on the RTO's behalf by a third party, the provision of those services must include a written agreement. The RTO must disclose to the student the name and contact details of any third party that will provide training and/or assessment, and related | ✓ Yes |

Record the RTO's details and arrangements summary. | |
| Educational and support services | Learners in this cohort are school students in Years 10 to 12. The RTO will schedule supervised training and assessment sessions based on the timetable. Students may negotiate support in addition to scheduled hours to develop the required skills and knowledge. Unmet educational needs of young persons aged 10–17 in the juvenile justice system — school RTOs within youth detention centres may deliver training and assessment to these students even if not in detention. | | ☑ Yes □ No | |

| 1.3 Delivery and assessment | | | |
|-----------------------------|---|-------------------|--|
| Requirement | Pre-enrolment information | Confirmed by RTOM | |
| Transition | This qualification's status on TGA is current at the time of this strategy's expected start date. If this qualification is superseded with a new version before the end of the expected duration of the program, then: • if practical, students will complete training and assessment and receive any appropriate certificates in the old qualification within 12 months of the release of the new version • if this is not practical, students will transition to the new qualification within 12 months and complete their training and assessment in the new version within the expected duration of the program. Credit will be arranged for units completed and deemed as equivalent. | ☑ Yes □ No | |

| 1.4 Certification | | | |
|--|--|-------------------|--|
| Requirement | Pre-enrolment information | Confirmed by RTOM | |
| Certificates and Statements of Attainment | If a student is assessed as meeting the requirements of the qualification, and all agreed fees the student owes to the RTO have been paid, then within 30 calendar days* of all conditions being met: • an AQF certificate and record of results will be issued if the qualification in which the learner is enrolled is complete • a Statement of Attainment will be issued if the qualification in which the learner is enrolled is partially complete. * unless there is a written agreement with students and parents that the RTO will issue certification on exit or request. | ☑ Yes □ No | |
| Unique Student Identifier (USI) | The school RTO will not issue an AQF certificate, record of results or Statement of Attainment to a student without having a verified USI for that individual. The consequences of not providing the RTO with a USI have been explained to the student. Each student's USI will be recorded by the RTO in SLIMS or Student Management and reported to QCAA in the same year that the certification was issued. | ☑ Yes □ No | |
| | A student may access their training records and results (transcript) using their online USI account. For more information, see usi.gov.au/Students/pages/default.aspx | ☑ Yes □ No | |
| Credit arrangements | Transitioning from an old version to a new version of a training product If the National Register (training.gov.au) deems a superseded unit of competency to be equivalent to its replacement, students may claim credit for a successfully completed superseded unit. | ☑ Yes □ No | |
| | If a student already holds a unit of competency If a student has a Statement of Attainment for a unit of competency and it has the same code as a unit of competency making up this program, the student may make a claim for a credit transfer. | ☑ Yes □ No | |
| Recognition of prior learning (RPL) arrangements | Students may request recognition of prior learning (RPL) assessment. Students are advised of the opportunity to apply for RPL and, if requested, will be provided with an RPL document allowing them to provide verifiable details of prior learning. The evidence will be assessed for currency and against requirements of the units of competency, and an amended program strategy will be prepared, taking into account the student's prior learning. | ☑ Yes □ No | |
| | The RTO has advised students in print or electronically of RPL arrangements. ✓ Yes □ No | ☑ Yes □ No | |

| 1.4 Certification | | | |
|---|--|--|-------------------|
| Requirement | Pre-enrolment information | | Confirmed by RTOM |
| Replacement of Certificates and Statements of Attainment | The RTO maintains an auditable-quality register of all AQF qualifications (including Statements of Attainment) issued and authorised to issue. The register contains sufficient information to identify correctly the holder of the qualification, the AQF qualification by its full title, and date of issue/award/conferral. The RTO has a policy that permits the replacement of certification documentation and maintains responsibility for authentication and verification of any replacement certification documentation. | The Standards require compliance with the AQF Register and Issuance policies. All RTOs will: • maintain an auditable-quality register of AQF qualifications issued (including Statements of Attainment) containing sufficient information to identify correctly - the holder of the qualification - the AQF qualification by its full title - date of issue/award/conferral • have a policy that permits replacement of certification documentation • be responsible for authentication and verification of any replacement certification documentation. See www.aqf.edu.au/aqf-policies. | ☑ Yes □ No |

| 1.5 Reporting | | | |
|---|---|-------------------|--|
| Requirement | Pre-enrolment information | Confirmed by RTOM | |
| Recording results (Adjust as appropriate) | RTO management records student enrolment data in QCAA approved software within the first term of the student's commencement of the VET program. Evidence-gathering tools are used to make decisions about a student's progress toward competency. The interim outcome descriptors of 'Satisfactory' or 'Unsatisfactory' will be used on students' projects and evidence documents. Students may continue to submit evidence until they exit the program or the end of the program's duration period. Assessor may determine final outcomes for units of competency at any time, but only after sufficient valid evidence has been gathered and assessed and any pre-requisite units have been successfully completed. RTO management will record final outcomes (usually using the descriptors Competent, Not Competent, Credit Transfer, Superseded or Withdrawn) in Student Management software approved by QCAA. All final outcomes must be entered into a QCAA approved software program before the end of the last term of the VET program or immediately after a student exits the program. | ✓ Yes ☐ No | |

| 1.5 Reporting | | |
|---|---|-------------------|
| Requirement | Pre-enrolment information | Confirmed by RTOM |
| Student profiles (Adjust as appropriate) | Student profiles are updated by the assessor and are accessible to students on request. Assessors update the profile to confirm an individual student's submission of evidence and record interim and final outcomes. RTO management uses final outcomes recorded in student profiles to update Student Management. | ✓ Yes |
| Projects and evidence-gathering instruments | All assessment activities, including projects and evidence-gathering tools, are identified by a code and listed in this document. A mapping document provides evidence of how assessment activities, projects and evidence-gathering tools meet the requirements for each unit of competency. | ☑ Yes □ No |
| Data privacy and reporting | The RTO has provided students with information in print or electronically concerning privacy, use of personal data and reporting. ☐ Yes ☑ No | ✓ Yes |
| | Students are informed that personal information will be collected and reported on their behalf. Student declarations and consent of the RTO's privacy notice are retained (for 2018 only). | |
| Use of personal email addresses | The RTO has provided students with information in print or electronically concerning use of personal email addresses on assessment materials and evidence. ✓ Yes ☐ No • Agreed email addresses provide the same acknowledgment as a signature. • The RTO has recorded students and assessors email addresses. | ☑ Yes □ No |
| Complaints | The RTO has advised students either in print or electronically that complaints received by the RTO will be acknowledged in writing and finalised as soon as practicable. ☐ Yes ☐ No A complaint may involve the conduct of the RTO's officers, students or third-party service providers of the RTO. Any RTO officer may receive a complaint verbally, in writing or electronically. | ☑ Yes □ No |
| Appeals | The RTO has advised students either in print or electronically that all appeals received by the RTO will be acknowledged in writing and finalised as soon as practicable. ✓ Yes ☐ No • There are two types of appeals that can be lodged: – appeal of final assessment decision – appeal of any other RTO decision. • Appeals must be submitted to the RTO in writing using the RTO's appeal form. | ☑ Yes □ No |
| Publicly availability (Adjust as required) | The complaints and appeals policy and procedure may be accessed via the publicly accessible school RTO website. For more information, see: https://marsdenshs.eq.edu.au/curriculum/vocational-education | ☑ Yes □ No |

Section 2 Core and elective components

List the units that are going to be delivered and assessed as part of this strategy. Engage with industry to confirm the relevance of elective units selected, and record this in Section 7.

Relevant Standards: 1.1, 1.2, 1.4, 1.7, 1.8(a), 1.12, 3.5, Schedule 5

Note: A prerequisite unit may be delivered through an integrated approach with the secondary unit — it does not have to be fully completed before starting the secondary unit. However, to satisfy formal requirements, the prerequisite unit must be signed off prior to the secondary unit.

2.2 Optional units and flexibility

If there are options regarding choice of electives, explain these here. Include comments on flexibility and fairness considerations for the cohort and/or individuals.

For example, if there are more units listed here than required by the packaging rules, explain the options available to students and any RPL or credit transfer options.

Section 3 Program assessment details

Relevant Standards: 1.1, 1.2, 1.3(c), 1.8, 2.1, 2.2, 5.2

Use this section to record an outline of the proposed learning program for this qualification. Provide a brief summary of each intended assessment activity, its duration and the units it is fully or partially drawn from, and list the evidence-gathering tools to be used. Detailed mapping does not have to be recorded here. Update this section as you improve or change the program. Engage with industry to confirm the program's relevance and briefly summarise this in Section 7.

Before you start developing assessment tools, consider how learning and assessment are usually integrated, with assessment evidence being collected and feedback provided to the student throughout the learning and assessment process. Holistic training and assessment brings together a number of units of competency — relevant to the industry sector, workplace and job role — into a cluster (group) that reflects actual workplace practices. Any units that relate to a job function can be combined, and assessment tools designed to gather evidence in an efficient and effective assessment process. Industry sees this approach as realistic and essential for both delivery and assessment.

3.1 Developing assessment tools

Use these six steps to develop your assessment tools.

- 1. Read through the units of competency making up the qualification to understand all their requirements. Make notes on any specific requirements like foundation skills not explicit in the performance criteria, assessment conditions, and performance frequencies and knowledge evidence.
- 2. Develop and document a series of assessment activities that reflect the performance and knowledge demonstrated by a competent person in this industry. In the document describe the context of the activities and include clear and comprehensive instructions to the trainer, assessor and student. A casual reader of the activity document should easily identify what has to be done, when, where and to what standard.
 - Summarise each of these assessment activities in Section 3.4.
- 3. Develop a set of evidence-gathering tools for each assessment activity. Include instructions to the assessor and student on how they are to be used. All assessment techniques basically fall into the following categories:
 - direct observations of student activity
 - questions written, online or direct (verbal)
 - reviews of things a student produces (e.g. project work, folios, artefacts, online materials, services).

In addition, there may be third party written reports.

List these assessment tools in Section 3.4.

4. Develop a single mapping or benchmarking tool to establish validity for all assessment tools identified in this TAS. It will indicate the relationship between the requirements of the unit/s of competency, the activities and evidence gathered.

Record the unit/s for which partial or complete evidence will be gathered in Section 3.4.

- 5. Develop a student profile. Each student must have their own profile that has provision to record outcomes for units of competency. As a minimum the profile must include:
 - student and assessor identification
 - dates or date ranges for completions
 - all units of competency the student is enrolled in, including code and title of qualification
 - a relevant final outcome on exit, e.g. Competent, Not Competent, Credit Transfer, Recognition of Prior Learning (RPL), Withdrawn
 - name of RTO
 - student year level.

You may optionally include a relevant interim outcome while gathering evidence, e.g. sufficient/insufficient or satisfactory/unsatisfactory.

The final outcome is used when updating student management records. Outcomes are recorded toward the end of the program when the assessor is satisfied there is enough valid evidence.

6. When this qualification is due for validation, ensure that Section 8 is completed and the assessment tools, including the mapping tool, are available for validators.

3.2 Student work

The assessment tools may not result in the production of tangible student work. This should not concern validators or assessors. Competency-based assessment is substantially reliant on direct observation and questioning evidence being gathered while an assessment task is being undertaken.

The principle of validity includes the requirement that assessment of knowledge and skills is integrated with their practical application. Assessment by practical application results in assessment tools that may produce both tangible and intangible evidence of students' skills and knowledge. Observations and direct questions do not produce tangible evidence, whereas products, artefacts and folios do. Assessment tools producing both types of evidence should be validated.

For both types of evidence, validators must analyse the decision-making rules. The decision-making rules are the lists of observations, acceptable answers and product/artefact/folio specifications used by the assessors to make judgments on evidence that is seen, heard or produced.

Section 4 Work experience

Use this section to outline any work experience arrangements. The RTO must disclose to the student before enrolment, in print or electronic copy, whether work experience is a requirement to successfully complete the qualification. Under the legislation, a work experience arrangement must be in writing and 'must be made before the student starts a work experience placement' (*Education (Work Experience) Act 1996*, effective as of November 2014). Engage with industry to confirm the relevance of work experience and record this in Section 7.

Whether work experience is compulsory or not, are the following conditions met:

- Is there a written agreement between the work experience provider and the RTO?
- Will the work experience provider offer realistic workplace experience relevant to this program?
- Has the work experience provider agreed to complete written third party reports for each student?

Relevant Standards: 1.1, 1.5, 1.6(a), 1.8, 2.1, 5.2, 8.5
