## 2022 Student Resource Scheme

Whilst the cost of providing instruction, administration and facilities for the education of a student at a state school is met by the State, parents are directly responsible for providing their student with other resources for the student's use whilst attending school.

Through the Textbook and Resource Allowance the Government provides funding for parents (paid directly to the school) which provides for the temporary use of prescribed text books. In addition to this Marsden State High School has chosen to provide parents with a cost effective alternative to purchasing resources, consumables and other materials to ensure your student is able to engage with the curriculum.

Participation in the Scheme is optional and **no obligation** is placed on a parent to participate. A parent who does not wish to participate in the Scheme will be responsible for providing the items included on the resource list so their student can engage fully with the curriculum. **If you decide not to participate an appointment will be made with the principal or delegate to discuss provision of resources for your student.**

## **BYOD @ Marsden**

It is an expectation that students at Marsden State High School bring a suitable portable device to school. We believe in preparing students for a 21<sup>st</sup> century society that is constantly evolving, particularly through the development of technology. Developing competent and confident users of technology is critical to our students' participation and engagement in this world. As we continue to develop the schools technology resources, we also encourage and value the need for students to be familiar and comfortable with their devices.

As part of the schools learning environment, all students who have chosen further studies or ATAR pathway in senior school will participate in the BYOx program. It is expected that students choosing to study General subjects will be committed to additional study time at home to assist in being successful in these classes. They are highly academic and rigorous classes. We believe that having access to a device both at school and at home will benefit students.

The devices will be used every day. Students are required to bring the device fully charged to school each day and be responsible for the maintenance and care. To assist students participating in the BYOx program, it would be advisable to obtain a school locker. These are available by contacting the payment office. Our IT staff will be available during the first week and specified days prior to the commencement of school, to help with the on boarding process to install required software, school network, Network Drives, and printing connection

We recommend purchasing devices through one of our BYOx portals which contain a range of school recommended devices. The portals will open later in term 4. Families can also purchase from a vendor of their choice using the minimum specifications below.

<b>Specification</b>	<b>Minimum Required</b>	<b>Recommended</b>
<b>Screen Size</b>	10 Inch	12-14 Inch
<b>Processor</b>	7 <sup>th</sup> gen Pentium This would a 2yr device	8 <sup>th</sup> gen i3 This would be a 4yr device
<b>Hard drive</b>	128 ssd (Solid State Drive)	256 ssd (Solid State Drive)
<b>RAM</b>	4GB	8GB
<b>Operating system</b>	Windows 10	Windows 10

The department has ensured that most software that the students will need will be freely available to them. However, stores are not aware of this and will try to sell you the same products. Software that is available free of charge includes:

- Anti – virus products - free anti-virus products available will work fine if kept up-to-date (Built in Windows 10 Defender).
- Adobe Design Software
- Master suite (Only necessary if completing Media, has a \$20 cost)
- Microsoft Office 365 (Word, Excel, PowerPoint, etc.)

The school website has additional information about our BYOx program and other IT related products.

If you have any further questions regarding devices, please email: [byod@marsdenshs.eq.edu.au](mailto:byod@marsdenshs.eq.edu.au)

## Additional Information

### Textbook and Resource Allowance (TRA)

- The Queensland Government provides financial assistance to parents of students in Years 7 to 12, to offset the costs of textbooks and other resources. - The TRA is used to offset the fees associated with participation in the SRS.
- Parents not participating in the SRS will receive the TRA directly from the school.
- Parents not participating in the SRS should contact the school directly if they do not automatically receive the payment.

# Student Resource Scheme - Participation Agreement Form

## The Student Resource Scheme

The Student Resource Scheme (SRS) is a user-charging scheme operated by schools to provide parents with a mechanism to access individual student resources that are not funded by the government.

Government funding for schools does not extend to individual student resources and equipment for their personal use or consumption. Supply of these items, such as textbooks and personal laptops/iPads, is the responsibility of the parent.

The objective of the scheme is to provide parents a convenient and cost-effective alternative to individual supply of resources for their students. Participation in the SRS is optional, and no obligation is placed on a parent to participate.

Terms and conditions for participating in the scheme are provided on the reverse side of the form. Information is also provided on the Textbook and Resource Allowance (TRA) where applicable.

This Participation Agreement Form applies for the duration of a student's enrolment at the school, however parents who are participating in the scheme can choose to opt out from the SRS in future years by completing a new Participation Agreement Form. Any new Participation Agreement Form submitted annually and received by the school will supersede the previous form lodged.

Parents pay the annual participation fee in accordance with the selected payment arrangement. If a student joins the school mid-year, a pro-rata participation fee may apply.

Parents not participating in the scheme must provide their student with all items that would otherwise be provided by the scheme as detailed in the information provided by the school. Parents can choose to join the SRS in future years by completing a new Participation Agreement Form.

To assist schools in managing and administering the scheme, parents are requested to complete the Participation section of this form and return it to the school.

If parents have not completed and returned the form before the due date indicated by the school in the SRS Annual Parent Information documents, the school will take the view that the parent does not wish to participate.

## Payment

On agreeing to participate in the SRS, a parent agrees to pay the participation fee as advised and invoiced by the school. For families experiencing financial hardship, please contact the school as soon as possible to discuss options available.
