Qualification Description:

SIT20122 Certificate II Tourism is designed with current and relevant skills at an entry level in the travel and tourism industry.

Tourism is one of the leading industries in the world. There are endless possibilities in adventure travelling and tourism while pursuing career pathways.

This course offers:

- 21st century personal and interpersonal skills that underpin employment.
- A focus on the dynamic nature of local, national and global tourism
- An examination on socio-cultural, ecological and economic implications of sustainability.

Pathways:

Employment may be found in travel and tourism sectors, accommodation, adventure and recreation, attractions, events and conferences, hospitality, tourism services, transportation and travel trade. Previous students have travelled and worked as FIFO employees at resorts in Australia or cruise ships abroad.

Course Structure:

11 units of competency are required for completion of this certificate (5 core, 6 electives)

11 units are incorporated into 7 assessments over 2 years.

Support Services:

The school's student assistance program is responsible for ensuring students receive appropriate levels of support during the course. Contact the school for information about support services including language, literacy and numeracy, assistive technology, additional tutorials and assistance etc.

Assessment:

Assessment is competency based because it is directly related to work. Students must demonstrate knowledge and skills to the standard of performance required in the workplace. Therefore, no levels of achievement are awarded.

Delivery Modes:

A range of delivery modes will be used during the teaching and learning of this qualification. These include:

- Face-to-face instruction
- Stimulated Workplace environment
- Work-based learning– Gateway to industry school program, Flight Centre, Young Tourism Leaders, Hotel Talk Careers
- Guided learning
- Online learning

Costs:

During the duration of this course, site visits are important components of their practical experiences. The excursions are not mandatory, however it is essential to the overall understanding of the Tourism industry. Therefore, any expense related to the site visits are the responsibility of the student. Additional excursion and incursion costs may occur throughout the course.
